PREMIER OF NIUE ACKNOWLEDGES PROGRESS IN NEW POWER STATION DEVELOPMENT

Alofi, Niue – 21 February 2024 – The Premier of Niue, Hon. Dalton Tagelagi, and Temporary Minister for Infrastructure, Hon. Ricky Makani met with Niue Power Corporation staff to discuss the ongoing development of the new power station. During the meeting, Premier Tagelagi expressed his satisfaction with the progress made thus far and thanked the team for ensuring the continued operation of the current powerhouse amongst other ongoing developments.

Emphasizing the importance of reliable and sustainable energy infrastructure for the island, the Premier commended the dedication and commitment demonstrated by the Niue Power Corporation to maintain essential services while transitioning to a more efficient and modern power generation facility to ensure the energy needs of Niue's residents and businesses are met.

"I am pleased to see the ongoing efforts made toward the new power station project, and I want to thank everyone involved for their commitment, said Premier of Niue, Hon. Dalton Tagelagi. "The work being done is crucial for ensuring that Niue has sustainable and efficient energy for years to come."

We look forward to welcoming technicians in upcoming weeks to assist with the commissioning of the generators in the new power house. As Niue continues to move towards a more sustainable and resilient future, the Premier reaffirmed his government's commitment to supporting initiatives that promote renewable energy solutions and strengthen the island's infrastructure.
